HCD 2019 Network Lunchtime:

The Power of Networks

**Charlotte Morphet,
MRTPI,
National
Co-Chair,
Women in Planning**

www.womeninplanning.org

What are networks

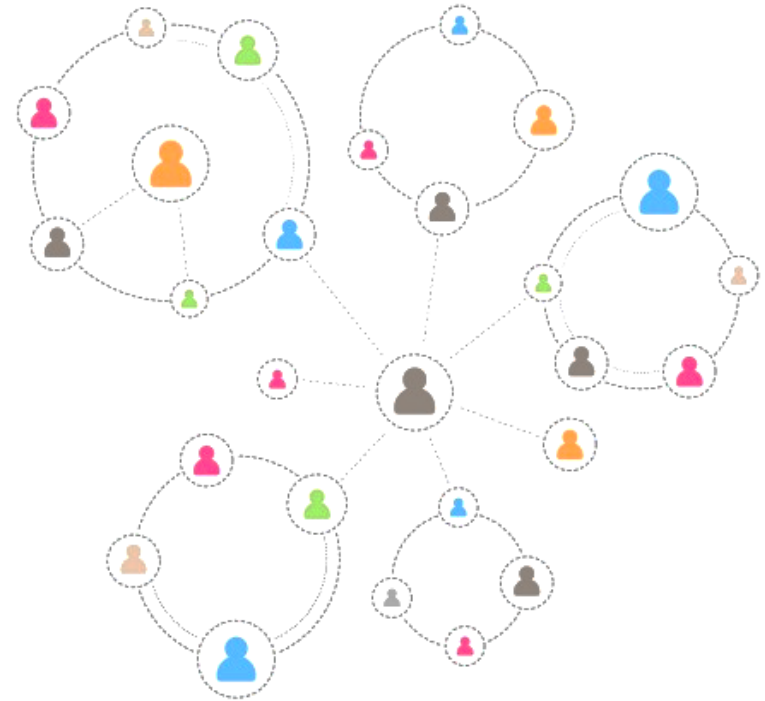

Definition:

A group or system of interconnected people or things.

(noun)

Interact with others to exchange information and develop professional or social contacts.

(verb)

Power of Networks

- Social capital
- Recombination
- Ronald Burt: ‘vision advantage’ and the ‘network broker’
- Build confidence
- Improve understanding and communication

Liz Green

Spatial planning and Public Health in Wales

Liz Green, Programme Director for Health Impact Assessment (HIA)

- Devolved nation
- Ability to create Policies, Bills and Acts
- Well-being of the Future Generations (Wales) Act 2015 – Health in all Policies / sustainable development
- Planning (Wales) Act 2015 – focus on place making
- Public Health (Wales) Act 2017 – HIA included
- Upstream focus for healthy places

Welcome to the Wales Health Impact Assessment Support Unit

This site provides information on the Wales HIA Support Unit, health impact assessment (HIA) and the process as practiced in Wales, news and recent developments. It provides a resource to those currently practicing HIA and those who are new to it and looking for information and evidence. There are details of completed HIAs in Wales and other HIA activities from the Unit plus links to useful resources.

IN PLANNING

Irene Beautyman

Public Health Reform

A Scotland where everybody thrives

"effects of development on health needs"

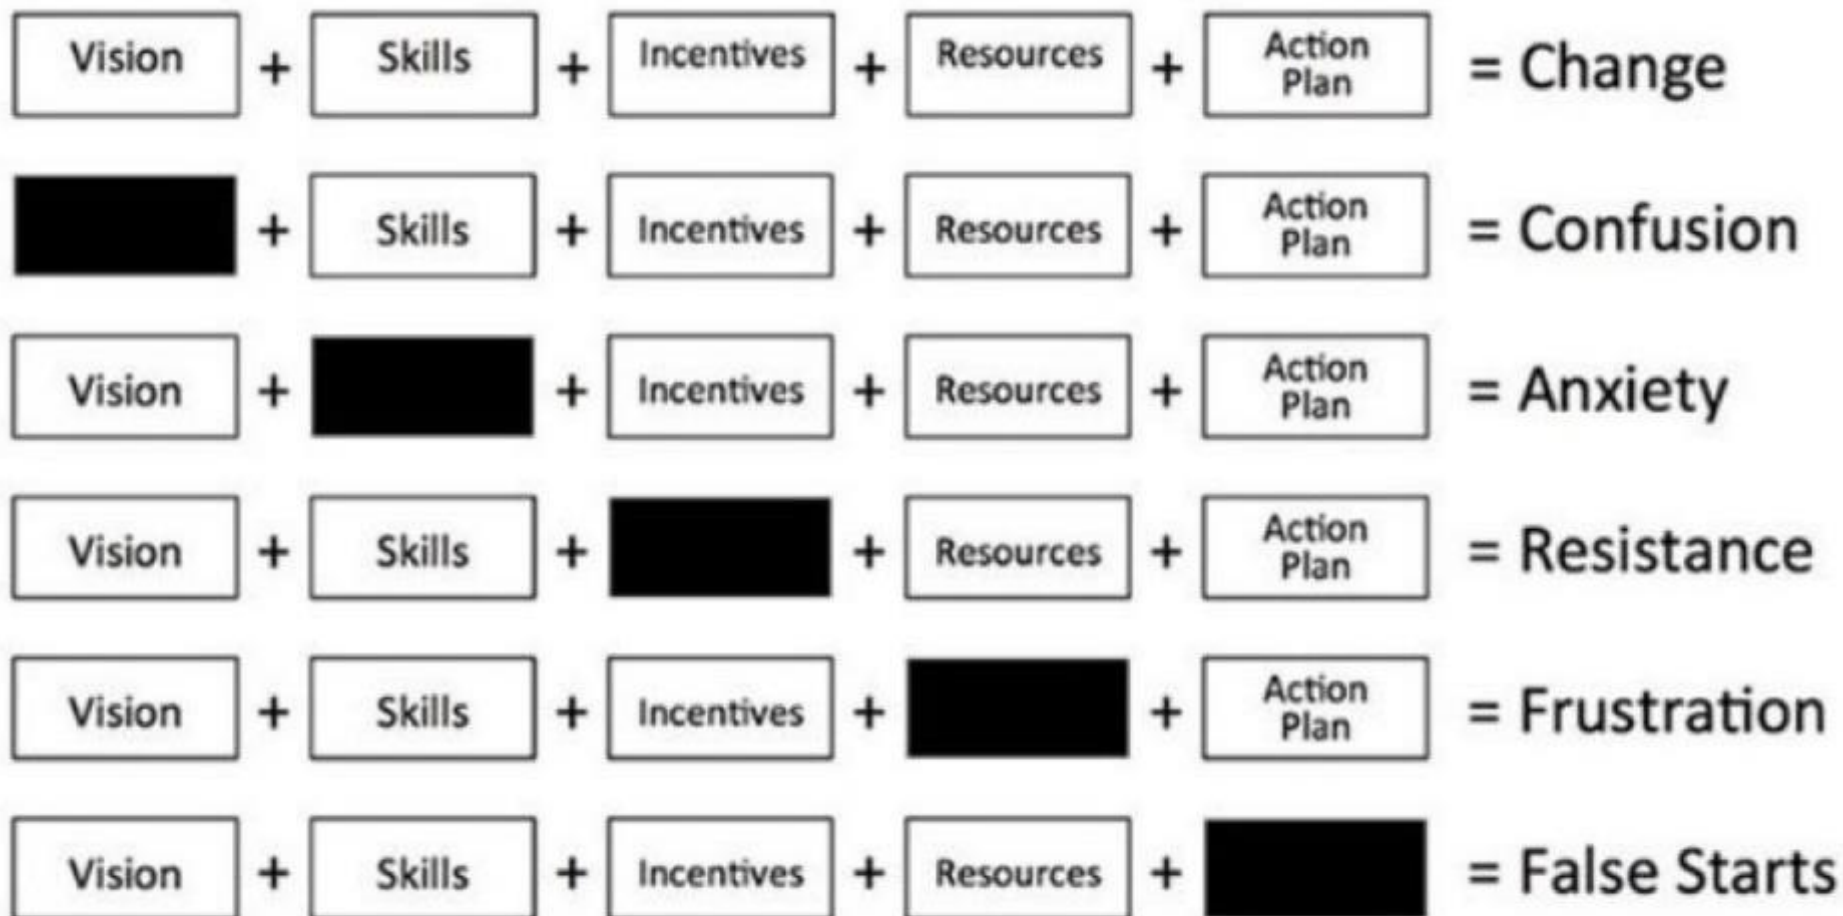

"likely health effects of the proposed development"

Six PUBLIC HEALTH priorities

Public Health Scotland

Whole System Approach

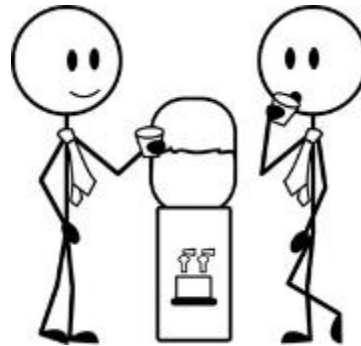

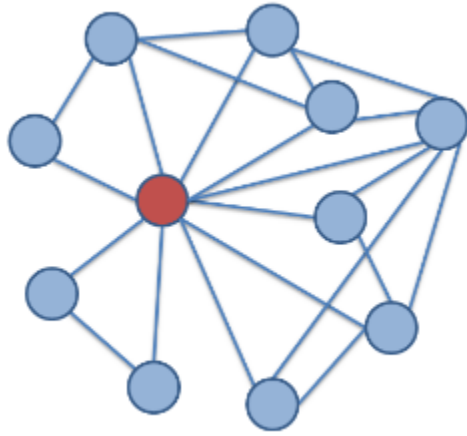

National place and health principles using WHO & Public Health England evidenced links between spatial planning and health & wellbeing -
vision, resource

Include principles in NPF4 policy - **vision, incentive**

Remit and capacity of Public Health Scotland to work with local spatial planning to support place and health principles - **skills, incentive, resource, action**

Use Early Adopter work to develop collaboration - **skills, incentive, resource, action**

HEALTH AND WELLBEING
IN PLANNING

Rachel Flowers

EFFECTIVE & IMPACTFUL PUBLIC HEALTH SPATIAL PLANNING

what

What actions are needed to effect genuine, meaningful change?

who

Who needs to be involved and responsible for these actions?

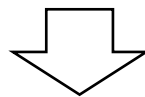

how

How can these actions be supported and enabled at national and local levels?

when

When do these actions need to be undertaken to be effective?

Session Outcome/ Output
